Penarth company wins top award

PENARTH Management Limited has been awarded the Affiliates Exceptional Service award in the British Association of Landscape Industries (BALI) Landscaping Awards 2013 for the second year running.

The award ceremony will be taking place at the Grosvenor House Hotel in London on Friday, December 6, 2013, where the landscaping industry and affiliated companies will come together to celebrate the achievements of the past year.

Speaking of the award win Jodie Read, managing director of Penarth Management, said: "We are delighted to have won the award, which will help to boost our profile as affiliated members within BALI.

"It is fantastic to gain appreciation as a company providing 'exceptional service.'"

The prestigious annual awards were first introduced in 1976 and are now one of the landscape industries' highest accolades.

The news of the award win came a week after Jodie Read was elected to BALI's national Board of Directors.
